Sir:

Applicant received a Notification of Missing Requirements Under 35 U.S.C. 371, mailed on February 14, 2006, for the above-captioned patent application. The English translation was found to be incomplete because: "The text of the drawings has not been properly translated."

McDermott (Registration No. 35,946), called Examiner Anderson and requested clarification of the objection to the translation of the text of the drawings. Applicant's attorney stated that "MUSTER" is a city in
